January 2019

Dear Parent/Guardian,

Students who are enrolled in Advanced Placement (AP) level courses are expected to pay the cost of taking their AP exams. **The cost for each exam is \$94.00.** The cost for students who qualify for the **free/reduced lunch program is \$21.00**, which may be reduced at a later date. If your child is enrolled in more than one AP course, payment will need to be multiplied by the number of exams he/she wishes to take. The cost of the exam(s) is the responsibility of the student. The testing schedule on the reverse side of this sheet is provided for your convenience. Please be advised that in order to earn credit from Camden County College, students enrolled in AP Biology and/or AP Environmental Science classes are required to earn a final average grade of at least an 83 (B), buy credit from Camden County College through enrollment in the High School Plus Program and earn a score of 3, 4, or 5 on the AP exam.

As indicated on page 11 of the 2017-18 Program of Studies, students enrolled in AP courses are required to take the AP examination in order to receive AP weight for GPA purposes. Those students who do not take the examination will receive the weight of an honors level course. In other words, for a student to receive AP weight for their AP class, it is required that a student sit for the AP exam(s) in which they are enrolled.
