

CREATING AND CONNECTING ACCOUNTS

Once we have the park tickets available, we will all be able to make FastPass+ reservations for the Disney parks. You are able to make 3 FastPass+ reservations each day for one park. This will save you time waiting in line for the really popular rides! Check the itinerary to make sure you know which park to choose each day AND make plans with your friends so you all have the same time slot.

Follow these steps to create your account and connect with your friends:

1. Download the "My Disney Experience" app on your phone
2. Click on "Create Account" and fill out your information if you do not already have an account. If you have an account, log in.
3. Once you are logged into your account, click on the three lines at the bottom right-hand corner of the screen. Then click on "My Profile" towards the bottom of the next screen.
