# 2021 AP Exam testing

- College Board is providing multiple options for the format of this year's AP exam administration. This includes a traditional "paper & pencil" style test and an online "digital" version.
  - In order to accommodate student and family COVID-19 safety needs, Winslow Twp HS will be administering a digital version of the exam with the exception of Physics II and Spanish. These students will be notified and will have to test in school.
  - Students registering for the digital version of the exam will test at home. Students should not report to school for a digital exam.
  - Please note that iPads **CAN NOT** be used for this year's digital exams.
  - Students must use a desktop, laptop or Chromebook. If you do not have a Chromebook, please let the AP Coordinator know.
-
